

17 JUL 1959

Honorable Leo A. Hoegh
Director, Office of Civil and
Defense Mobilization
Washington 25, D. C.

Dear Mr. Hoegh:

I have your June 22, 1959, letter to Mr. Dulles regarding budgeting of funds for the incorporation of fallout shelters in future Federal buildings.

As you know, funds were appropriated in 1955 and 1956 for a new CIA headquarters building which is now under construction at Langley, Virginia. In accordance with the suggestions which Mr. Charles A. Sullivan, Assistant Director of the Office of Defense Mobilization, made to our Assistant Deputy Director, Mr. H. Bates Lloyd, in April of 1958, we were able to have the construction contract include the structural features which are necessary for fallout protection in certain areas of this building.

Since our new building will not be large enough to house all CIA headquarters personnel, we are still hopeful we will eventually be successful in obtaining the necessary approvals and funds to accomplish additional construction at Langley. While no final decision has been made we probably will not request additional funds in our FY 1961 budget.

We will be glad to cooperate with you in this matter if and when it is finally determined that we will request the necessary additional appropriations.

Sincerely,

161
L. K. White
Deputy Director

Letter to Leo A. Hoegh
Director, Office of Civil and
Defense Mobilization
